

Tools for Affective Deep Tissue 1

12 CE HOURS

\$200 until July 15 (\$300 after)

Tools for Affective Deep Tissue 1 is a workshop born out of concepts from opposite sides of the bodywork world. We harmonize concepts of Craniosacral Therapy with the systematic perspectives of Structural Integration. Students will learn to work with the nervous system and the tissue while learning to assess what they are doing during the session. We will show you how the tools you already have can be used with less effort while facilitating greater change. Students will learn how to get to deeper issues in the tissues while saving their hands, fingers, and careers. This 12 CE Hour workshop will leave you refreshed and passionate about bodywork once more.

9.13.11 & 9.14.11 (Tues & Wed)

9:00 am – 4:00 pm

The California Academy for the Healing Arts

125 E. Baker St. Ste. 180, Costa Mesa CA 92626
