To Whom It May Concern:

I am writing regarding Gordon Wallis. Mr. Wallis is a massage therapist that I have known for several years here on Maui. I have personally received a massage from him one time when I had a sore back and felt that it was very beneficial. However, I have also referred him to many patients for massage therapy with a variety of conditions and I have received excellent feedback on all occasions.

I feel that Gordon Wallis is an excellent massage therapist with a professional manner, warm personality and a genuine interest in helping other people feel good. His conduct is above reproach and I feel that he would make an excellent addition to any environment where massage is to be included as part of the services.

If you have any questions regarding this recommendation and his qualifications for this position, please feel free to contact me.

Sincerely,

RE: Gordon Wallis

TO WHOM IT MAY CONCERN:

This letter is a personal letter of reference for Mr. Gordon Wallis of whom I have the pleasure to be associated with for over 10 years.

Gordon has been a massage therapist in my office since 1985. I have gotten to know Gordon not only as a massage therapist, but as a true friend. Gordon, without a doubt, is one of the most professional massage therapists I have ever known. He is honest, sincere, compassionate, never late for his patients, and has a true healing attitude. Gordon has always had a steady following of patients over the years, and never has put any pressure on me to refer him patients. Because he does such a great job with his massage work, patients will always request his services. Gordon has been one of my best assets over the past 10 years.

If the reader of this letter is contemplating hiring Gordon for massage work, or any other work for that matter, it would behoove you to hire him on the spot. He is a pleasure to work with, and I am certain he would be an asset to any business.

If you have any questions, please do not hesitate to contact me. Myself, and thousands of patients will miss Gordon, and wish him the best.

Sincerely,

James A. Pleiss, D.C.

To whom it may concern:

I have had professional contact with Gordon Wallis, both through patients I have referred to him, and by being a patient of his myself.

In one Shiatsu massage, he completely cured me of back pain that had been progressively worse for a week, and was becoming disabling.

I have known Gordon personally for over three years, and can recommend him as a capable, honest and reliable individual.

Sincerely,

Donald B. Roberts M.D.

To Whom It May Concern,

I am a 44 year old physician on the island of Maui who has had alot of back strain from performing surgery. I hired Gordon Wallis on numerous occasions to do Shiatsu massage on me.

His prices were good, and his massage was very effective in relieving my back strain. I would feel comfortable in recommending him to anyone.

I feel Gordon is very dedicated to his hands-on therapeutic skills. He studies quite a bit about it, and I was very impressed with his motivation and technique.

Sincerely Yours,
